COVER LETTER

I am 24 years old, and currently a senior at Stephen F. Austin State University seeking a Bachelor of Science in Computer Science. I have been married to my wife Danica, and we are currently expecting our first child. I am a hard-working, detailed programmer, excited and ready to use the skills learned throughout my degree in a professional environment.

I am disciplined and driven in the numerous skills I have developed and seek to gain more knowledge in other venues that are available to me as a software developer.

I look forward to meeting with you and learning how I might be a part of your organization.

SKILLS

HTML	★★★★★	JAVA	★★★★★
CSS	★★★★★	C++	★★★★★
JavaScript	★★★★★	C	★★★★☆
JQuery	★★★★★	Object Oriented Programming	★★★★☆
PHP	★★★★★	Visual Basic	★★★☆☆

EDUCATION

- Stephen F. Austin State University, Nacogdoches, Texas
- ABET (Accreditation Board for Engineering and Technology) Accredited University, <http://www.abet.org/>
- Bachelor of Science in Computer Science, May 2017

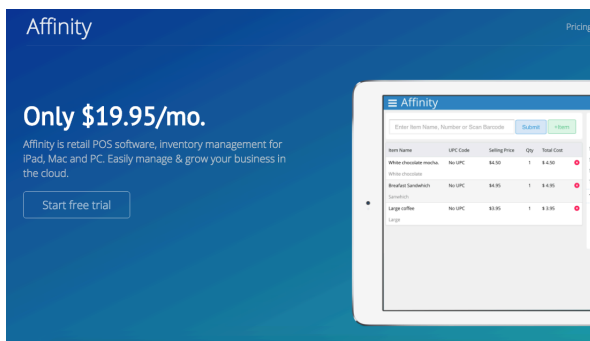

FREELANCE PROJECTS

MyUI Website Builder

Why start from scratch with every new website build? MyUI allows a web developer to pick the sections they want, to build the template they need. The developer then can make the edits they need to fit their client's needs. Built with Laravel Framework and MySQL backend

myui.io

Affinity Retail POS

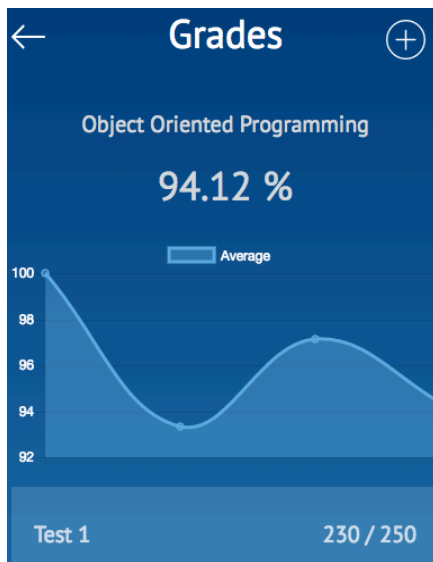

A cloud based point of sale with inventory management and reorder assistant. Built with PHP, HTML, CSS, JQuery, and MySQL backend.

Lufkin First Church of the Nazarene

Experience working with a client, meeting on a weekly basis to get feedback and make sure they are satisfied with design and build of their new website

Lufkinnazarene.com

Grade Manager Application

Grade manager tool used to calculate class average at with graphical display to show progress throughout the class. This is a mobile progressive web app.

WORK EXPERIENCE

Angelina Supply

Jan 2011 – Present

Sales Representative

Current employer where I work as a sales representative along with working on other tasks whenever they need to be done. These tasks may include unloading trucks, stocking shelves, delivering product to customers, managing bill pay, and customer account management.

Brookshire Brothers

Feb 2010 – Jan 2011

Cashier and customer service

Worked in customer service as a cashier at Brookshire Brothers grocery store where I interacted with customers and did basic duties of a cashier. I built great communication skills and the ability to dialogue in a professional environment.
